

To whom it may concern

**Manufacturer Declaration of Conformity**

**Regulation (EC) No 1907/2006 (REACH Regulation)**

Swedish Microwave AB (SMW) is a leading manufacturer of professional Low Noise Blockdownconverters (LNB) for the satellite market. The products are used in VSAT systems (Very Small Aperture Terminals), SNGs (Satellite News Gathering), Cable-TV headends, Marine VSAT, and Satcom-On-The-Move applications.

All work is in-house allowing custom-design products, short delivery times, high flexibility, quick service and support.

Swedish Microwave AB designs and manufactures its products in Motala, SWEDEN, and has shipped to more than 120 countries.

Swedish Microwave AB products do not fall under the REACH regulation, because they belong to none of the following material groups:

- a) Substances on their own.
- b) Substances in preparations.
- c) Substances in articles intended for release.

Therefore, according to the REACH regulation:

1. No component suppliers of Swedish Microwave AB products need to be asked or surveyed for pre-registration.
2. Swedish Microwave AB production plants will continue to manufacture and export products without any change
3. Availability of Swedish Microwave AB products will not be affected by REACH compliance activities.

Compliance reference is max. 0.1% weight-per-part presence of materials shown in the SVHC candidate list active at issue date of this declaration.
